W310 Bench Scale with Remote Display

Tired of cables getting in the way of busy food prep stations? The W310's indicator uses a wireless connection to link with the measurement platform, making it easy to weigh larger objects where a traditional indicator might get in the way. The convenient hands-free tare function allows for quicker and more hygienic food prep, and the stainless steel platform is easily removed and washed.

Features
- Wireless display (connect to up to 3 measurement platforms)
- Remote display can be placed nearby as needed, keeping it out of the way and easy-to-read
- Unit switch (lb:oz, oz, g, lb)
- Tare, Zero, Hold
